Dear Mr Tetley

AMESBURY ACTIVITY HALL

Thank you for your letter of the 13th June enclosing a copy of your new brochure. We were very honoured to see that you have included an image of the Amesbury project alongside your motto "Building is in our Blood".

Castleway are new to ourselves having not worked together in the past. However, with our experience on Amesbury we have been particularly impressed with Richard Wood's approach to the project, thorough, diligent organised and with great attention to detail, combined with Tony Wilson's experience pride in his work, they have made a good team.

We have another project in your direction, which is currently going through planning, which is a new village hall at Market Lavington. Whilst I cannot promise anything at this stage as we have not yet discussed contractors with the client, I would very much like to put you forward for the project and enclose a copy of the planning drawings for your interest.

Yours sincerely

George Batterham

Cc Richard Wood
Tony Wilson
