Headmaster: Dr S D Smallwood BSc (Hons) PhD NPOH

Dear Mr Bugden

On behalf of all the Governors of Bishop Wordsworth's School I am writing to thank you and all at Castleway Developments for the excellent Sixth Form Block that you have recently completed for us on the school site. It is a magnificent building and is already making a tremendous impact upon the life of the school.

Throughout the whole of the building process we have been most impressed by the professional manner in which the work was done and how the final building has blended into the surroundings of the school and Cathedral Close. Despite having to work on such a restricted site the block was finished within time and budget which is an achievement that we all appreciate immensely. That this was achieved with over 800 boys and staff on site for most of the time, without undue mishap is a great credit to your team.

Staff, students and site management team are all greatly impressed with the building and the facilities it delivers to the school, although I am not sure the Sixth Formers appreciate the CCTV in the common room just yet! The building is the envy of many local schools and I know that the Diocesan architects have conducted several visits around it with interested parties.

Thank you again to Castleway Developments for building such a first class Sixth Form Block at Bishop Wordsworth's School.

Yours sincerely

Mrs J Ranaboldo
Chair of Governors
